Letter No 330P dated the 10th February, from the first asst: to the Resident in Mysore, to the Dewan of Mysore: —

“ I am directed to state for the information of the Durbar that the Resident has recently had under consideration figures and statistics in connection with the inspection and disinfection of arrivals by rail from infected areas in the Civil and Military Station, and the system of requiring them to present themselves for observation by the District Medical Officers for a period of ten days after arrival.

2. The conclusion to which the Resident has come is that the system has done very little to check the importation or spread of plague. Out of 83,118 passengers inspected at the Cantonment Railway Station from July 1899 to the end of January 1900, only five were detained on suspicion and only one developed plague. Again, practically no cases have been discovered from observation at the District Offices. On the other hand owing to the highly infected condition of the Bangalore

6.
action with regard to Railway
passengers destined for the City
also, and he would be glad
to receive at a very early date
their opinion on this proposal.
If the Durbar agree, the Inspect
Staff at Harihar and Yswant-
pur, which is entertained by
Mysore, may be at once informed
that their services will not be
required after 1st March next.

The abolition of railway —
inspection of course carries
with it the abolition of the
system of serving observation
notices on arrivals from
inspect

infected areas.

4. In anticipation of the concurrence of the Durbar with the measures above described, a draft notification has been prepared abolishing railway inspection at Haridwar & Yervantpore with effect from the 1st March 1900; and I am to enclose a copy for the information of the Durbar.

5. I am to add that the abolition of railway inspections and of the system of observation notices does not

THE RESIDENT IN MYSORE.

Notification.

No. 297. P., dated Bangalore, the 9th February 1900.

The Resident in Mysore is pleased to cancel, with effect from the 1st March 1900, his Notifications Nos. 762 and 276 dated respectively the 25th February 1897 and the 7th January 1899, directing the examination at the Stations of Harihar, Yesvantpur and Bangalore Cantonment of passengers by rail coming from outside the Mysore State and to direct that from and after the same date the operation of Regulations 7 to 16 of his Notification No. 2273 P., dated the 13th June 1899, and of his order No. 2780 P., dated the 8th August 1899, giving power to inspecting officers to examine persons arriving by rail at the Bangalore City and Cantonment Railway Stations and to serve them with notices requiring them to report themselves to the District Medical Officers be suspended until further orders.

"By Order,"

H. R. C. DOBBS,

First Assistant Resident.

General No. 6719 } 189
No.

Enclosures Number.

Sir,

In view of the above of inspection of passenger at the Bangalore City & Cantonment, Yesavanpur & Harihar Railway Station from the 1st of March on the steady decline of plague in the town of Davangere which had only one case in each of the months of January & February, I do not think it necessary to retain any longer the rules relating to the disinfection of passengers at the Davangere Railway Station.

15 ✓
Station introduced by the
Resident's Note, No. 3483
dated 3. 11. 99, and therefore
request you will be so good
as to move the Resident
to cancel the same from
the 15th March.

I may add for the
information of the Resident
that as the same reasons
as those which induced the
abolition of inspection at Banga-
lore City apply to its abolition
in Mysore City, Govt. have
been requested to abolish
the inspection at the Mysore
City Station with effect
from the 15th proximo.

Bowringpet will then remain
the only Medical Inspection
Station, and in view of
the increase of plague
at Salem and of the
fact that plague on the
Gold Fields, of which
Bowringpet is the main
gate, has almost died
out, it is a question for
consideration

consideration whether the retention of inspection at this place for sometime long may not be advisable.

The feeling of the Mining Board on the point will be ascertained and a further communication on the subject will be made to you. Pending this, I would request that the Resident may be pleased to retain inspection at Bowringpet.

I have &c

P.C. Office No 8668
8-8 March 1900

The Kolar Gold Field
Mining Board.
Borjann, Mysore State
S. India.
7th March 1900.

To

The Plague Commissioner in Mysore.
Bangalore.

Sir,

I have the honor to acknowledge the receipt of your Communication, No. 6718, dated 28th ultimo, with two enclosures, which I placed before the Board at a special meeting held yesterday.

I was instructed to inform you, in reply, that the Board concur in your view with regard to the abolition of inspection of arrivals at Bowringpet. In their opinion, very little, if any, benefit has been derived from the system at Bowringpet, for the reason that it has not been properly carried out, and they agree with you that the results do not justify its continuance.

I enclose copies of some figures placed before the Board yesterday by the Acting Chief Medical Officer showing that during the six months ending 31st January last, 169 cases of Plague occurred on the field, and in the surrounding villages and settlements.

In January there were more cases than in any of the five preceding months. It is therefore evident that the utmost vigilance is still necessary to prevent the disease spreading and, as the various Mining Companies have never relaxed their precautions, and the special Plague and sanitary staffs, appointed by them when the epidemic first made its appearance on the field, have not been reduced, the Board trust that Government will aid them in combating the disease by maintaining a strong Plague staff on the field while the danger exists.

I have the honor to be
Sir

Your most obedient servant

D. F. R. Payne
Secretary.

The figures show a steady increase. Might it not be worth while to send Krishna Rao Iyer out again to see what is the cause and to be.

Sp. P. O. again,

Mr. Rimer Wright told me to thought Col. Benson had some idea of sending Krishna Rao Iyer here as permanently as a field off.

to the Field - *R.R.P.*
9/11/00
3/6 might be abolished -

embodied in the marginally noted

- 1) - Letter no 366 Dated 13-4-00 from the Special Magistrate - (in original) reports, copies of which are enclosed for reference.
- 2) - Letter Dated 17th Dec 1900 from the Secretary, Kolar Gold Field, Mining Board.

2. The following proposals are now put forward by the Board.

I. Medical Inspection of arrivals by rail at Bowringpet, and inspection of passengers by road at the various outposts to be discontinued, but the System of registration of names and addresses of arrivals by the various Mining Companies to be maintained, the Government placing a police Constable at each of the four Railway Stations of the Gold Fields line to help the Company's Overseers in this work.

II. To keep a Plague officer with his Head Quarters on the Field, and with jurisdiction exclusively limited

limited to Gold Fields area, and

III The entertainment of certain additional

staff to ensure a regular inspection of villages involving a net increase of

Rs 258 and debitable to the marginally noted Funds.

* Plague Funds.

Horse allowance to the Present Hospital Appt on the Fields } Rs 20.

The Kolar Gold Field Mining ~~Regulation~~
Organism. 34

Mysore State: 30

17th April 1900.
Cent 45

The Deputy Commissioner
Kolar District.
Kolar Town.

Sir,

I have the honor to inform you that your communication No. 138, dated 29th ultimo was placed before my Board at an adjourned meeting held on the 10th instant, when Mr. R. B. Oliver, the special magistrate, was present, and I was instructed to submit the following suggestion for the strengthening of Plague Supervision on the Field, which the Board trust you will be good enough to send up to Government.

- (1) Medical Inspection of arrivals by rail at Bowringpet and Road Inspection to be discontinued, but system of registration by the various mining Companies of the names and addresses of arrivals at the Mines Railway Stations to be maintained, and

31 and Government to be asked to maintain at least one Police Constable at each Station to assist in such registration.

(2) The Plague Camp to be maintained in an efficient condition.

(3) The Plague Officer to reside on the Field, with head Quarters at the new Town, or Dorgaun, and to be responsible only for the Gold Fields area as defined by the Sanitary Rules. (The Plague Officer is at present in charge of the whole of the Boringpet Taluq including the Gold Field area).

(4) The Plague Officer to be given two additional Hospital Assistants - one to work under him itinerating and inspecting and the other to be in attendance at the Plague Camp in conjunction with the present Hospital Assistant on night and day duty.

This is the
left to the SS

(5) The two existing Plague Overseers to work as Sanitary Overseers together with the two Sanitary Board Overseers.

All four Overseers to be directly under the Sanitary Board's Inspector and to be paid at the same rate as at present, with Rs. 15/- horse allowance.

(6) The Sanitary Board's Inspector (Mr. Fairman) to be appointed prosecuting Officer in all cases of breach of Plague Regulations or Sanitary Rules.

(7) The Plague Inspectorship to be given to a better class of man than the one now holding the position, with pay not less than Rs 50/- per mensem, plus Rs 15/- horse allowance. The existing Plague Inspector to be called Assistant Plague Inspector, and to be retained on his present pay of Rs 25 per mensem, plus Rs 15 horse allowance.

The Board are of opinion that the Plague Establishment with the proposed additions will be sufficient as long as the disease continues in its present sporadic form, but should it become epidemic again an increase of the staff would of course be necessary.

I have &c.

Prof. E. Payne.

ditional establishment in  
connection with the Plaque  
preventive measures in Koli  
Gold Fields, and to request  
that he will be good enough  
give effect to the following:-

(1) Medical inspection of  
arrivals by Rail at Boursimphed  
and inspection of passengers  
by road at the various out-  
posts to be discontinued. The  
Hospital Assistant now on  
platform only at Boursimphed

47 he deputed for only at Gold Fields. The services of the midwife are no longer necessary and the orders of the Senior Surgeon will be awaited.

(2) To assist the registration of names and addresses of arrivals by the various Mining Companies, a Plague Constable is to be placed at each of the four Railway Stations on the Gold Fields line to work under the Company Overseers.

(3) The total number of Constables being reduced to 18 under the present Government Procurement, they will be distributed as per margin and the extra two police men dispensed with.

(4) The Plague Officer will make Gold Fields his Head Quarters and will have jurisdiction exclusively on the Gold Fields area. He will direct the Plague Inspectors from doing duty in the Bowring's Taluk to report himself to the Amildar.

II The above arrangements should be given effect forthwith and the fact communicated to this Office.

III Sripathi Row, Plague Inspector, Zimker, has been appointed Plague Inspector, Kolar Gold Fields on Rs 50 + 15 = 65 Rs as intimated by the Plague Commissioner.

21-6-1900

The First Assistant  
to the Resident  
in Mysore  
no 8261 & 21.6.1900  
Sir,

In continuation  
of my letter no.  
7049 dated 14<sup>th</sup>  
March 1900, I  
have the honor  
to state that  
there have been  
no cases of Plague  
in the Kolar  
Gold Fields  
Since  
from

~~from~~ me

May 1900 and  
that the Senior  
Surgeon and  
Sanitary Com<sup>r</sup>  
with the Gov<sup>t</sup>  
of Mysore re-

commends that  
the inspection  
of passengers  
at the Bowring  
pet Railway  
Station might  
be abolished at  
once and the

Gold Fields  
with the Estab-  
lishment  
now employed  
on inspection  
work and the  
additional  
Establishment  
recently sanc-  
tioned by  
Govt.

I have &c

Yours truly

65  
THE RESIDENT IN MYSORE.

Notification.

Bangalore, the 29<sup>th</sup> June 1900.

No. 1293 P

The Resident in Mysore  
is pleased to cancel, with effect from  
1<sup>st</sup> July 1900, his Notification No. 103 dated  
the 29<sup>th</sup> January 1898, directing medical  
examination of passengers at  
Bowringpet.

in Mysore

N<sup>o</sup> 205  
23/7/1900

Sir,  
I have the hon  
to invite your  
attention to the  
concluding sentence  
of my letter N<sup>o</sup>  
8261 dated 21<sup>st</sup>  
June 1900 in which  
I said that if  
approved by the

13

Resident a notification would be issued by the Durbar declaring the Kolar Gold fields to be free from plague.

Since then both the Mining Board and their chief medical officer have applied to have the Gold fields

66  
declared free.

The President of  
the Sanitary Board  
supports their  
application.

I should be  
obliged if you  
could give me an  
early intimation  
of the Residents'  
wishes with a  
view to enable  
me to address  
Gov<sup>t</sup> regarding  
the issue of a  
notification

165  
declaring the  
Fields free.

I have seen
